Facts

- Aluminium folding step stool
- Smooth-running folding mechanism - easy to handle and space-saving
- Only 1.7 kg, fits in any niche, cupboard or car boot
- Non-slip standing area
- Non-slip plastic shoes ensure a firm footing on any surface and additional stability

Description

The household folding step offers quick, safe access for everyday tasks.

With a working height of 2.38 m, it is ideal for tasks in the kitchen, office or workshop, whether for window cleaning, tidying or small repairs.

The non-slip base made of ribbed aluminium provides reliable support. Non-slip plastic shoes ensure a firm footing, even on smooth floors.

We reserve the right to make technical changes and price changes.

- Ideal for the kitchen, office, household, workshop or when travelling
- Stable aluminium design
- These products are covered by the statutory warranty

Thanks to its light weight and foldable design, the step is ready for immediate use anywhere and can be stowed away to save space. The sturdy aluminium construction can support up to 150 kg and remains reliable even with frequent use.

If you are looking for a practical, handy step, this household folding step is a functional and durable choice.

Scope of supply

- Step stool: 1 x
