MUNK
Sicherheit. Made in Germany.

Order no.: 120150

Premium Off-Road System

Specification

Max. load capacity	Castor diameter	Gauge	Business division	Order no.
500 kg	360 mm	1.29 m	MUNK Rettungstechnik	120150

Facts

- Chassis comprising 2 lifting mechanisms, 1 steering unit and a 3-piece wheel set for fitting to roll containers
- Quick and easy to fit to a rolling container in just a few simple steps
- Pneumatic tyres with a deep-tread tread pattern for optimum traction on rough terrain
- Ergonomic and safe lifting of the roll container using cranks and a spindle
- High and adjustable ground clearance for easy off-road driving and negotiating obstacles
- With the track running gear kit (order no. 120154), it is also suitable for DB and tram tracks
- Eye-catching powder coating in bright yellow RAL 1026
- Suitable for many MUNK mobile pedestals (mounting kit, order no. 120151, required; can also be retrofitted to existing models)

We reserve the right to make technical changes and price changes.
