

Compact and
flexible in use

Telescopic ladders not only save space,
but are also robust and stable.

Telescopic ladder Rescue Line

- Original Telesteps aluminium telescopic ladder
- Approved as 3-person rescue ladder and/or access ladder
- Tested according to the specifications of DIN EN 1147
- Abrasion-resistant anodised triangular tube spars (partially plastic-clad) for extreme stability and torsional rigidity
- Deep square rungs with plastic rung protection as anti-slip protection and insulation against cold/heat
- Variable height adjustment through intuitive telescopic function
- Integrated display of various altitude data (2,0 / 2,5 / 3,0 / 3,5 m)
- Safety system for slow retraction to reduce the risk of crushing and injury
- Maximum load: 500 kg

Accessories

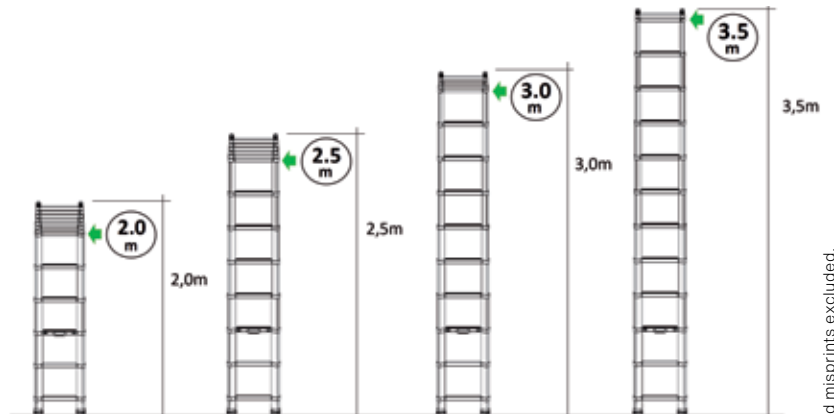

Rung protection red
Order no. 115506
