Description

The rigid climbing aid offers the perfect combination of stability and comfort. Designed for riders and stable owners, it is the ideal support for safe mounting while saddling, grooming or riding. The non-slip aluminium chequered plates (R10) ensure stability and protect against slipping – even in damp conditions.

Advantages at a glance

- **Maximum safety:** Robust aluminium construction with non-slip plastic feet for a firm hold on any surface.
- **Ergonomic design:** Comfortable step spacings and generous tread areas provide comfort and support gentle mounting, which relieves the horse's back.
- **Flexibility:** Various models with up to 5 steps offer the right solution for every situation, from everyday care to use in the riding arena.

Your added value

With the rigid climbing aid, you invest in safety and longevity. The space-saving design and sustainable production guarantee added value for your everyday stable life and your horse's health.
