Order no.: 077510

Personal safety system for ladders

Specification

Product type	Material	Transport dimensions (plus packaging)	Business division	Order no.
Accessories	Plastics	400 x 350 x 150 mm, 1.64 kg	MUNK Günzburger Steigtechnik	077510

Facts

- Pelvic harness for positioning at work on ladders
- Anchorage strap for attachment to the ladder stiles. Secures the user and provides two additional contact points. Both hands remain free for short tasks.
- 12 m rope system: pull tools and materials up from the ground and lower them again. Climbing remains possible with three points of contact.
- 25 mm stabilisation strap secures the ladder base against slipping.
- Contains: anchorage strap for the ladder stiles (EN 795 Type B), size M work positioning belt (EN 358), 12 m rope system, 25 mm stabilisation strap, carrying and lifting bag
- The carrying bag can also be used as a lifting bag for tools. Load capacity: 10 kg
- Service life: 10 years

We reserve the right to make technical changes and price changes.

- The standard specifications apply to the respective component named. They do not apply to the set as a whole
- Work positioning systems do not arrest falls

Scope of supply

- Lashing strap: 1 x
- Workstation positioning harness: 1 x
- Haul rope system: 1 x
- Stabilisation strap: 1 x
