Order no.: 930400

M5 pan head screw

Length [mm]

12

Specification

ISO thread	Screw drive	Dimension L	Material	Order unit
M5	Innensechskant	12 mm	Stahl verzinkt	C62

Order no.
930400

Facts

- Pan head screw with hexagon socket
- Metric standard unified thread
- With flange/collar
- No washer required
- DIN 7380-2

Description

Compact precision for precision mechanical connections! The MUNK Profiltechnik M5 pan head screw with hexagon socket is the ideal fastener for smaller profiles and precise assemblies – galvanised for durability, with SW3 drive for safe handling.

Technical key data M5

- Head diameter: 9.5 mm – compact and visually discreet
- Head height: 2.75 mm – flat design for confined spaces
- Drive: Hexagon socket SW3 – precise power transmission

- Material: Galvanised steel for corrosion protection

Ideal applications

- Lightweight constructions: 30 mm profiles, precision mechanical connections
- Precision assembly: device housings, instrument panels, electronic assemblies
- Visible connections: discreet pan head for a high-quality appearance

Scope of supply

- Pan head screw: 1 x
