### Facts

- Pan head screw with hexagon socket
- Metric standard unified thread
- With flange/collar
- No washer required
- DIN 7380-2

### Description

Our pan head screws are made from high-quality material and have a metric standard unified thread and a hexagon socket drive. These screws do not require a washer and are ideal for all applications in which a high degree of strength is required. We offer screws in a range of thread sizes and lengths so that you can create any connection you require for your constructions.

## Scope of supply

- Pan head screw: 1 x
