Order no. 301303				

Facts

- 2-section tanker ladder made of aluminium with platform and protective cage (mandatory element, must be ordered separately)
- Protective cage in three variants can be ordered separately as mandatory equipment
- Stable rectangular tube side-rails

- Rectangular rungs grooved on both sides, 30 x 30 mm, Slip resistance class R10
- Optional implementation with steps possible
- 4-fold edged rung-to-side-rail connection
- Guide and connecting parts in stainless steel
- Simple height adjustment from rung to rung thanks to cable winch and locking mechanism
- Platform with grating cover R13
- Railings with toe and knee boards on both sides
- Platform front side with 2-section safety door and protective basket (freely selectable, must be ordered separately)
- Undercarriages partly powder-coated in RAL 1021 and available in three designs
- Rung distance: 280 mm
- Delivery time: 15 days
- Note: The tanker ladder is constructed solely for access when performing operation or inspection tasks during loading or unloading of the tanker

Scope of supply

- Ladder: 1 x
- Chassis: 1 x
