Added value

Industrial grade

Stable and robust for tough everyday working life (including 4-way edging)

- Corrosion-resistant fixtures
- Use of high-quality and high-strength materials
- Versatile and practical accessories

Ladder joint safe-cap

- Smooth ladder joint with large contact surface and sturdy plastic protective cap
- The 6 rivets and thicker wall thickness provide for greater stability and protection at this sensitive point on the ladder, increasing its service life
- The safe-cap protects the ladder when in use, when loading and storing, as well as the contact surfaces, walls, truck loading areas and the joint itself

Sponsored by BG BAU

Specification subject to conditions; for the latest information please visit the BG BAU website (statutory accident insurance company for the construction and construction related services in Germany). Since 2014, the BG BAU has been promoting the purchase of platform ladders, step stools and ladder accessories with single-sided and double-sided access. All members of the BG BAU profit from this. This aims to prevent work accidents on building sites and improve ergonomic working practices. For more information by BG BAU, please visit:
